## BRAINERD MEMORIAL LIBRARY

## ANNUAL APPEAL 2023

**Since the day we opened in 1908, the Brainerd Memorial Library has always worked hard to be Everybody's Library.**

**Besides books and periodicals for every age group and interest, the library offers digital content, museum passes, DVDs, a "library of things," a wide range of programs, book clubs, movie nights, and free meeting space for a large and growing number of community groups.**

**The library's skilled staff members will help you navigate the vast and sometimes confusing resources of both printed material and the internet, making it easier to find what you're looking for and information you can trust. Whether you're a senior looking for a good read, a businessperson looking to acquire or update skills, or a student researching a school paper, Everybody's Library has what you're looking for.**

# **Everybody's Library**

## **Welcomes You**

**But Everybody's Library needs everybody's support.**

**The library is a private association, funded partly by an appropriation from the town, partly from its endowment, and partly by generous donations from members of our community.**

**With your contribution, we can continue to offer the services essential to keeping our patrons equipped to face today's challenges and tomorrow's changing world.**

**Thank You,**
